

# The Breakout-Free SPF List

## 7 Non-Comedogenic Sunscreens for Acne-Prone Skin

At SkinBuddy, we believe skincare should be clear, not confusing. That's why we created this dermatologist-informed list of 10 sunscreens that won't clog pores, trigger breakouts, or irritate sensitive skin.

Every product in this guide has been scanned and verified using the SkinBuddy app - a science-based tool that analyzes ingredient lists and flags any comedogenic, irritating, or allergenic ingredients. So whether you're acne-prone, sensitive, or just tired of guesswork, you're covered.

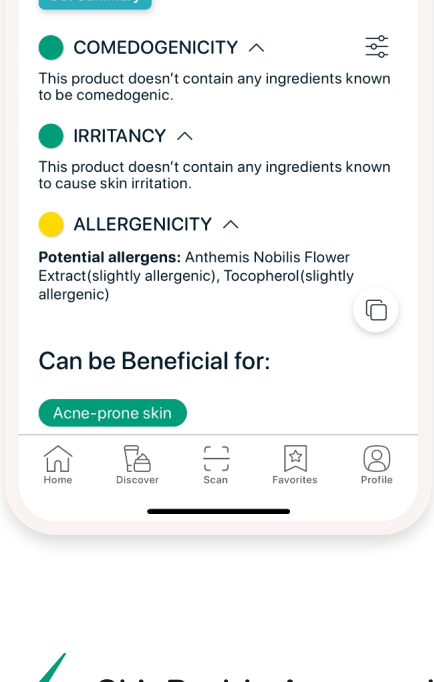

✨ All products are:

- ✓ Non-comedogenic
- ✓ Fragrance-free
- ✓ Hormone-disruptor-free
- ✓ Backed by SkinBuddy ingredient analysis

Not sure if your sunscreen or skincare is acne-safe?

### 1. Torriden Dive-In Mild Suncream SPF50+ PA++++

Price ~20 €

Country: South Korea

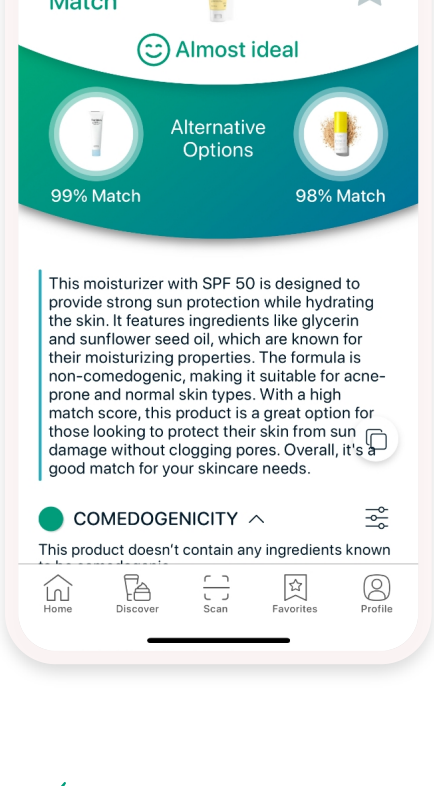

Extra hydrating

Calming

A lightweight mineral sunscreen packed with Zinc Oxide and five types of hyaluronic acid to deeply hydrate without clogging pores. Ideal for acne-prone, dehydrated, or sensitive skin. The formula is non-comedogenic, fragrance-free, and loaded with calming plant extracts like Aloe Vera, Panthenol, Allantoin, and Witch Hazel. It absorbs quickly with a soft, natural finish, no white cast, no irritation.

✓ SkinBuddy Approved: free from pore-cloggers and known hormone disruptors.

### 6. Paula's Choice Advanced Sun Protection Daily Moisturiser SPF50 PA++++

Price ~45 €

Country: USA

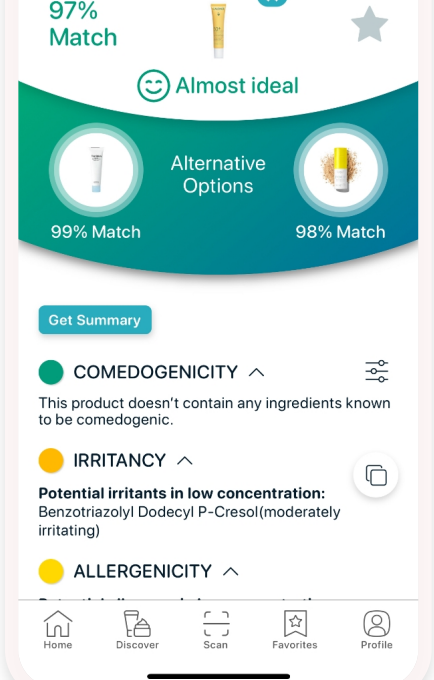

Moisturizing

Antioxidant-rich

This lightweight moisturizer-meets-sunscreen combines five next-gen UV filters with a silky, breathable texture. Ideal for daily use, even under makeup, it's designed to protect against both UVA and UVB rays while keeping skin hydrated and smooth. The formula includes barrier-friendly ingredients and no common irritants, making it perfect for acne-prone and sensitive skin types alike.

✓ SkinBuddy Approved: free from pore-cloggers and known hormone disruptors.

### 7. Caudalie Vinosun Protect Very High Lightweight Cream SPF50+

Price ~ 12 €

Country: France

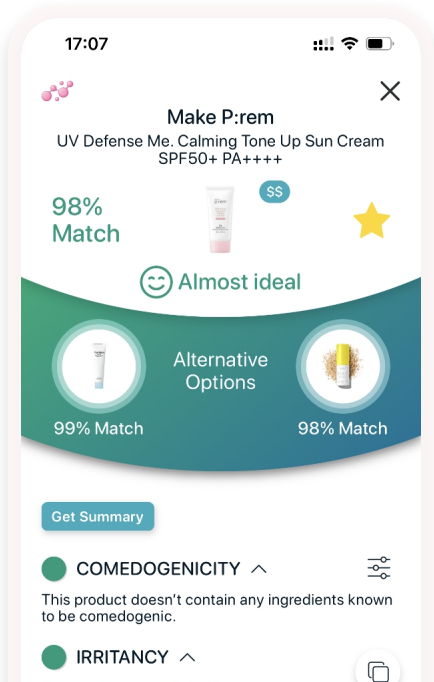

Lightweight feel

High antioxidant protection

A fragrance-free, featherlight sunscreen with 5 chemical filters for invisible, high protection. Antioxidants like grape seed extract and sunflower oil add bonus protection against oxidative stress. Non-comedogenic and gentle on sensitive skin, though ultra-sensitive or rosacea-prone skin might react mildly to one UV filter.

✓ SkinBuddy Approved: free from pore-cloggers and known hormone disruptors.

### 2. Make P:rem UV Defense Me. Calming Tone Up Sun Cream SPF50+ PA++++

Price ~18 €

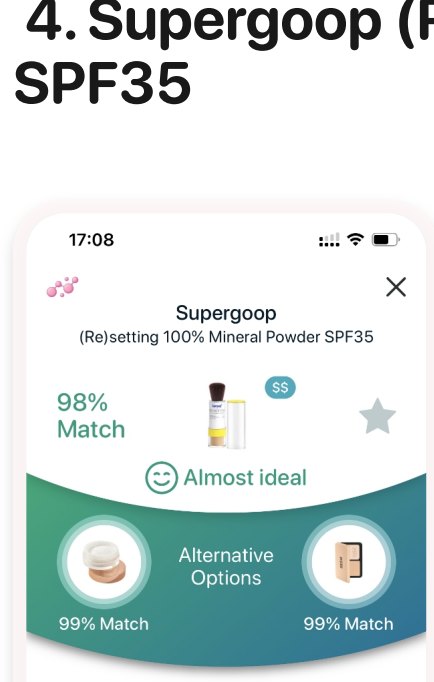

Country: South Korea

Best for redness or tone-up

A calming, mineral-based sunscreen with a soft pink tone-up effect, designed especially for sensitive and acne-prone skin. Formulated with Zinc Oxide as the only UV filter, it offers reliable broad-spectrum protection with a breathable, matte finish. Loaded with soothing plant extracts like Madecassoside, Moringa, and Jasmine, this sunscreen hydrates, calms redness, and supports the skin barrier.

✓ SkinBuddy Approved: Free from pore-cloggers and known hormone disruptors.

### 4. Supergoop (Re)setting 100% Mineral Powder SPF35

Price ~35 €

Country: USA

Best for reapplication over makeup

This weightless powder sunscreen is perfect for topping up sun protection without messing up your makeup. Formulated with Zinc Oxide, Silica, and barrier-boosting ingredients like Ceramide 3, it mattifies shine while protecting against UV rays. Ideal for oily, acne-prone, or sensitive skin, and especially handy for reapplying SPF on the go.

✓ SkinBuddy Approved: Fragrance-free, non-comedogenic, free from hormone disruptors.

### 3. Axis-Y Complete No-Stress Physical Sunscreen V.3 SPF50+ PA++++:

Price ~20 €

Country: South Korea

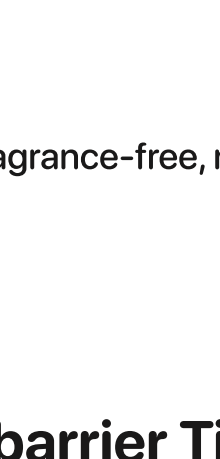

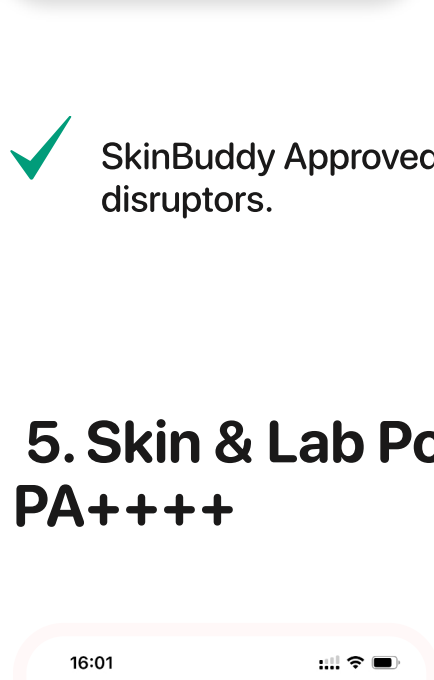

Very gentle

Works under makeup

This Mugwort-powered mineral sunscreen is a favorite for sensitive and acne-prone skin. It uses Zinc Oxide as the only UV filter and blends in calming ingredients like Niacinamide, Squalane, Allantoin, and plant extracts to soothe and protect. The texture is soft and wearable, without clogging pores or irritating skin.

✓ SkinBuddy Approved: Fragrance-free, non-comedogenic, and free from hormone disruptors.

### 5. Skin & Lab Porebarrier Tinted Sunscreen SPF50+ PA++++

Price ~19 €

Country: South Korea

Tinted, blurring finish, no white cast

If you're after flawless skin without breakouts, this tinted sunscreen might be your new favorite. It combines high protection with a pore-blurring finish and includes Zinc Oxide, Niacinamide, and Panthenol to calm skin while shielding it from the sun. Designed to improve bumpy texture and blur imperfections, it's great for acne-prone and sensitive skin.

✓ SkinBuddy Approved: Non-comedogenic, fragrance-free, and free from hormone disruptors.
